Block Clamp BZ

Product information

The narrow jaw also allows the load to be picked up in tight spaces. The large transmission ratio guarantees safe panel transport. Ideal for setting block steps.

- Great safety due to huge multiplication of 5:1.
- Web sling instead of chain/rope: light weight, no twisting, no injuries.
- Due to the continuously adjustable suspension also asymmetric elements can be handled in a horizontal position.
- The narrow jaw enables picking up of loads even when in confined spaces.
- Clamping jaws equipped with rubber coating.
- Spring tension prevents an inadvertent slipping down of the clamp.
- Easy handling by compact and convenient construction.
- Suitable for nearly all materials.
