

## Block Clamp BZ

---

### Product information

The narrow jaw also allows the load to be picked up in tight spaces. The large transmission ratio guarantees safe panel transport. Ideal for setting block steps.

- Great safety due to huge multiplication of 5:1.
- Web sling instead of chain/rope: light weight, no twisting, no injuries.
- Due to the continuously adjustable suspension also asymmetric elements can be handled in a horizontal position.
- The narrow jaw enables picking up of loads even when in confined spaces.
- Clamping jaws equipped with rubber coating.
- Spring tension prevents an inadvertent slipping down of the clamp.
- Easy handling by compact and convenient construction.
- Suitable for nearly all materials.
