

Cross spreader with 4-legged sling

Product information

CERTEX

General: The X-frames have a high point of oscillation which results in good balance. The table only shows a few examples of available sizes. Other lengths and working loads can be manufactured to suit a customer's requirements. The frames can be provided with accessories such as hooks, wire rope slings, chain slings or textile slings. Please also refer to our description in the introduction to this section on lifting beams.
