

Shortening Claw ICE IMVK

Product information

After decades of success, the VIP-Multi-Shortening claw has been further enhanced.

- Can be captively fitted along the chain leg.
- No additional chain and coupling components are required.
- It can be moved to any position along the chain leg.
- The ideal link shaped chain pocket provides an optimal fitting for the chain thus no reduction of the WLL.
- A robust safety bolt with a spring prevents the accidental loosening of the fitted chain in both loaded and unloaded conditions.

Marking: According to standard

Standard: DIN 5692

Safety factor: 4:1

Класс: 12
