

Steel Wire Rope Forest King

Product information

The most important advantage of ropes with such a construction construction is the excellent abrasion resistance of the outer surface of the rope and the significantly increased breaking strength of the rope, compared to the compared to a rope of standard design with, the same diameter. FOREST KING rope is proven ideal in the forest industry for skidding and timber transportation.

Marking: According to standard

Standard: EN 12385-4

Fill factor: 0,657

RCN: 06

Tolerance Ø: 0% to +5%
