

Guided Fall Arrester POWERTEX P0543

Product information

POWERTEX

Guided type fall arrester with integrated shock absorber mounted on a flexible anchorage rope line. As soon as the unit tilts, the brake block closes around the rope and holds the secured person within an extremely short reaction time. This reduces the initial shock from the fall and makes the worker feel safer.

Marking: According to standard, CE-marked

Standard: EN 353-2
